Dear Examiner O'Hara:

In reference to your December 16, 2003 telephone conversation with my assistant, Jacqueline Marlier, attached is a copy of the stamped postcard from the U.S. Patent Office as well as a copy of the Petition for Correction of Inventorship for the above-identified patent application. Although this document was submitted with the Response to Office Action dated March 17 2003, it is our understanding that your office was unable to find this document in their files. I hope that this will complete the allowance requirements for this application. Do not hesitate to contact me, if you have any further questions.

Please be so kind as to confirm receipt of this facsimile.

Respectfully submitted,

PETITION FOR CORRECTION OF INVENTORSHIP  
PURSUANT TO 37 CFR 1.48(b)

Assistant Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

Applicants request that Adrian Whitty be removed as an inventor in the above-referenced application pursuant to 37 CFR 1.48(b). Adrian Whitty's invention is no longer being claimed in the present application.

Adrian Whitty played at least a partial role in developing certain of the methods of using common gamma chain blocking agents as noncompetitive inhibitors in U.S. Serial No. 09/824,286, filed April 2, 2001. He was properly named an inventor in those claims (i.e. at least claims 57 and 58) in the original filing. In contrast, the claims pending in the present application

USSN09/824,286  
Docket No. A006USCON

after cancellation because of the restriction/election, are directed to subject matter to which Adrian Whitty did not make an inventive contribution.

Applicants' representative seeks to delete Adrian Whitty as an inventor to reflect the cancellation and amendment of claims during prosecution of the present application.

The Examiner is hereby authorized to charge our deposit account 02-2327 for any fees required in reference to this petition request.

Respectfully submitted,

Date: 3/14/03
